Production of transformers backed by a 113-year old tradition.

We offer a comprehensive solution for electricity distribution networks, power plants, industrial projects and municipalities.

OIL TRANSFORMERS
- Three-phase oil transformers up to 16MVA - 35kV
- Three-phase regulating oil transformers from 630kVA to 16MVA - 35kV

CAST-RESIN TRANSFORMERS
- Three-phase cast resin transformers up to 6,3MVA - 22kV
- Three-phase cast resin transformers up to 4MVA - 35kV

SPECIAL TRANSFORMERS
- Ultra high efficiency amorphous oil transformers up to 630kVA - 36kV
- Ultra high efficiency amorphous cast resin transformers up to 1000kVA – 10kV
- Earthing distribution transformers
- Transformers for photovoltaic systems
- Traction transformers
- Custom designed special purpose transformers

ISO 9001:2000, ISO 14001 and STN (OHSAS) 18001, IEC 60076, ANSI
